

Greetings Everyone,

What a whirlwind these past few weeks have been! Each day brings a new set of “opportunities” as we all navigate how to learn, work, and live remotely. Many of us are learning to be grateful for many things we used to take for granted - our families, our health, our communities. One of our core values at Charlotte Ambush is community building. These past weeks we have been working in creative and novel ways to not only maintain that sense of community, but we are also developing ways to ensure our athletes remain fit and ready once life gets “back to normal”.

To this end planning and communication are key components. Planning for our fall interscholastic teams is a big part of what I normally do in the spring - holding interest meetings, coach workshops, putting together schedules, field reservations, and more. A lot of work goes into a successful fall season. I am optimistic that we will have fall teams, so we are going to be ready! But to be ready, I need your help as we are doing things (out of necessity) a little different this year.

Below you will find a link to our Fall Interscholastic Team page. Please use the link called **Fall 2020 Interscholastic Teams - INTEREST & INFORMATION Registration** to simply indicate your interest. This is *not* a team registration, but more like signing up for an interest meeting! Once you register we can communicate information and have conversations directly as we inch our way toward fall.

Let me know if you have any questions or concerns.

All the best,

***Terry A. Loeb***
